GOWTHAM SELVARAJ

Reactjs Developer
Erode, Tamil Nadu, India

Summary

I am a software engineer with a passion for learning new
technologies. I specialize in web development, with a focus on front-
end development. I've worked with a number of web technologies,
such as HTML, CSS, JavaScript, AJAX, and React. I'm also familiar
with back-end development, such as MySQL, PHP. solve problems
and work with teams to create great products. I'm comfortable
working both independently and collaboratively, and I'm always
open to learn new technologies and techniques. I'm exploring the
outdoors, and tinkering with electronics. I'm currently looking for
new opportunities to continue to grow as a software engineer and
to develop my skills further. I'm excited to join a team that values
creativity, collaboration, and innovation.
